***Wines to Warm You!***

Come join us for our annual winter wine tasting event. It's a great opportunity to do some business networking and enjoy a mid-week break. This year's event will focus on the wines of Spain paired with tasty appetizers from My Black Hen Catering. Two decades ago, quality Spanish wine meant Rioja, now Spain is a world class producer of wines - in quantity and quality with over 40 wine regions. Today Spain makes roughly as much wine on average per year as do both Italy and France! Here is a great opportunity to try a few and see what Spain has to offer.
